TAFT MAKES A FLYING TRIP THROUGH PENN.

By Associated Press.
WASHINGTON, June 18.—Taft made a flying trip through southeastern Pennsylvania today and returned to the white house shortly before 10 o'clock tonight. The president spent three hours at Villanova, Pa., where he received from St. Thomas college the degree of doctor of jurisprudence and where he delivered an address and tribute to the work of the Augustinian fathers in the Philippines. From Villanova the president journeyed to West Chester, thence to the negro institution, Lincoln university, and made his last speech of the day from a car at Oxford.

MEXICAN MINING TOWN DESTROYED BY FIRE

By Associated Press.
NACO, Ariz., June 18.—The entire mining town of Novarabl, in Sonora, including a ten stamp mill, has been destroyed by the forest fire that is sweeping the Ojo and Bacochi mountains. The miners had a narrow escape for their lives, and had to build back fires to enable them to flee to Cananea.

The fire line now extends for fifty miles. The entire ranch property of John Hostad, a pioneer American ranchman has been swept away. Along the Yaqui river near the railroad many panthers and bears and other animals have been driven from the forests and lives of a number of people have been imperiled by the prowling beasts.

GUNJAIRO AOKI WINS BACK WIFE

JAP AND BISHOP'S DAUGHTER PASS THROUGH RENO TO SAN FRANCISCO.

RENO, June 18.—Gladys Aoki and Gunjairo Aoki, their child and Mrs. Emery spent a few minutes in Reno last night. They arrived on the V. & T. at 7:30 and left on No. 23 at 7:40.

A Journal representative spied the party as it left the Carson City train and followed them aboard the Southern Pacific Train for San Francisco. They occupied a stateroom in the Pullman, and had the door open.

"Is this Mrs. Aoki?" asked the newspaper representative.

"Yes," she answered.

"Are you going to San Francisco?" she was asked.

Again she answered in the affirmative.

By this time Aoki, who was sitting at the window realized that his wife was being interviewed and at once ordered her to be silent.

Then he said:

"Who are you?"

When told that he was talking to a newspaper representative, he declared that he had nothing to say, and closed the stateroom door.

Mrs. Aoki looked thin and worn, and was clutching her infant tightly to her breast. Mrs. Emery sat in a corner facing her Japanese son-in-law, and had nothing to say.

The Japanese, who was a butler in Rev. Emery's house before he married Gladys, was suave and immaculate as ever. He wore a dark suit, and the neatness and finish of his attire was in marked contrast to that of the rest of the party.

It is understood that the party will live in San Francisco hereafter as their matrimonial differences have been patched up.

HOT SPRINGS SENDS OFFER FOR THE BIG FIGHT

By Associated Press.
HOT SPRINGS, Ark., June 18.—Jack Frisby, the matchmaker of the Vapor City Athletic club tonight sent a telegram to Rickard from a syndicate of Hot Springs business men, offering \$125,000 for a 20-round bout between Jeffries and Johnson at the Lake Place state fair grounds, just out of the city limits on the Fourth of July or a week later.

CONGRESS MAY ADJOURN JUNE 25

By Associated Press.
WASHINGTON, June 18.—Congress is expected to adjourn one week from next Saturday, on June 25th, according to the plans made public today by senate leaders after a revision of the senate legislative program. The plans perfected today follow:

The statehood bill was made the "unfinished business" immediately upon the passage of the land withdrawal bill today.

The conference report on the railroad bill is to be called up tomorrow, however, and pending disposition of it the statehood bill temporarily will be laid aside.

Postal savings bank legislation will be taken up following statehood. In connection with the consideration of the railroad bill conference report, it is expected that several speeches will be made.

Senator Newlands, the minority leader of the conference committee, will oppose the adoption of the report.

Many Incidents Mark the Affair and Former President is Greeted as the Next President of the United States.

By Associated Press.
NEW YORK, June 18.—Roosevelt set foot on his home shores today for the first time in nearly fifteen months. He received a rousing welcome. He bore with the usual buoyancy a day of heavy fatigue, public duties and private emotions, commingled. Late this afternoon, after a family reunion at the home of Theron Butler, the grandfather of his prospective daughter-in-law, Miss Eleanor Butler Alexander, he left the city to be welcomed by his more intimately and life long neighbors of Oyster Bay, L. I. tonight. Tonight he will rest.

As a private citizen he is the same, vigorous man of words and deeds, the city has known for thirty years. He had an expansive smile for everybody, a cheery word "for the boys" and his old friends, the newspaper men, a pat anecdote for the politicians, greetings of affection for his old command, the Rough Riders, and a quick eye for absolutely everything.

Roosevelt's good luck still followed him. Though the hot, sultry weather held fair until the marine parade had exercised at the battery and the procession through the principal streets had been carried through, and then a wind and rain storm set in. It cleared shortly after five, the time set for his arrival at Oyster Bay.

Three previous national welcomes have been extended to prominent men. For General Grant in San Francisco, after a triumphal tour of the world, following the expiration of two terms as president; to Admiral Dewey on his return from the Philippines, and to William Jennings Bryan, also after a tour of the world. Roosevelt has been something of all things these

men had been, statesman and soldier and sailor too. His welcome today brought men from all parts of the country. It was national.

The first zest of public curiosity was satisfied and speculation now turns on what share Roosevelt will take in the acute political situation within his own party of which he had already been advised by his old associates who had carried him tidings.

But on that score, speculation must rest unsatisfied, as Roosevelt declared his intentions by wireless, that he would have nothing to say about politics in the immediate future.

In the excitement and suspension of waiting for the time when the colonel would land at the battery there were many little incidents that showed the temper of the crowd. One stevedore while unloading a ship, laid down his hook to watch and wait.

"Hi," shouted the foreman, "you come back here or I'll dock you an hour."

"Dock me a week," shouted the recalcitrant, "I'm going to have a look at Teddy."

Another water front sightseer, whether out of misjudged humor or true ignorance, capped the long tale of wonders by asking of a narrator, "Who's this Roosevelt, anyhow?" The next thing he knew he was in the river, propelled by indignant hands. A policeman fished him out and an ambulance carried him to a hospital.

One of the features of the procession occurred on Bleecker street in the down town district when a man with a megaphone yelled, "Who'll be our next president?" As though by a prearranged signal, the crowd answered, "Teddy" in one stentorian tone.

RAILROAD BILL HAS BEEN SIGNED BY PRESIDENT

By Associated Press.
WASHINGTON, June 18.—The president signed the railroad bill at 10:15 tonight, shortly after his return from Pennsylvania. The president did not sign the statehood bill which was sent to the white house with the railroad measure.

NEW BUILDINGS FOR GOVERNMENT

WASHINGTON, June 18.—An omnibus public buildings bill, carrying authorizations for appropriations aggregating \$19,288,500, with \$3,095,000 additional for continuing contracts stretching over varying periods of years, was reported in the house today. This action, while anticipated for several months was unusual during the session when the river and harbor appropriation had been passed. Conferences had been held between Taft and the leaders of both houses of congress that apparently assure the enactment of the bill into law.

The bill makes liberal provisions for plans for new imposing buildings in Washington City, where the government now pays over \$500,000 annual rentals to private property owners. Provision is also made for the construction of a \$55,000 building at Grass Valley, Cal.; Berkeley, \$180,000, Chico, \$100,000 and Hanford, \$75,000.

Mrs. John Nay and Miss Rosie Goldback, who arrived from Belmont several days ago, visited Goldfield yesterday.

including four rounds with Al Kaufman. Tomorrow will be known as "farewell day." All hope has been abandoned by Johnson and his manager of having the big fight take place in this city. Preparations will be made to leave for Reno Monday.

SAN FRANCISCO, June 18.—Mayor McCarthy returned from the east this evening, where he has been the past six weeks on official business. Mayor McCarthy refused to discuss the action of the governor in stopping the Langford-Kaufman fight by saying that he would not discuss any matter concerning the governor's act in this connection until he had time to thoroughly inform himself on the facts of the case.

WOMAN HANGS HERSELF.

NEW YORK, June 18.—Theodore Ellwell, grand niece of a Brooklyn philanthropist, James E. Ellwell, daughter of J. D. Ellwell, member of a New York stock exchange firm, and a graduate of Radcliffe college, hanged herself today in an abandoned gymnasium in Brooklyn. She suffered from melancholia following illness.

SAN FRANCISCO, June 18.—San Francisco fight fans will be given the last opportunity to see Johnson in action at his training quarters tomorrow. He will box twelve rounds with his sparring partners.

BEN LOMOND, Cal., June 18.—Jeffries put in a strenuous afternoon assisting in stowing away the last of his training apparatus, preparatory to taking leave of this place for whatever direction he is directed to take. He is going to give an exhibition tomorrow at Santa Cruz which will probably be the last before the big fight.

SAN FRANCISCO, June 18.—"On to Reno" is the cry of the fight brigade. Convinced by the "postponement" today of the Kaufman-Langford match, that San Francisco has definitely been eliminated as a possible scene of the Jeffries-Johnson fight, a positive announcement is expected tomorrow that the

TEDDY FIRST AND THEN CAME THE DELUGE

By Associated Press.
NEW YORK, June 18.—This city this afternoon was swept with the most violent storm in months. In twenty minutes .60 inches of rain fell while the wind attained a velocity of 58 miles an hour. Three deaths were reported tonight and four others are believed to be drowned by the capsizing of a fishing smack off Long Island. The storm came two hours after the Roosevelt welcoming procession was held. The racegoers at Sheepshead were nearly thrown into a panic when they saw a bolt of lightning demolish the jockey's board and plow a furrow a hundred feet long through the earth. Numerous trees were uprooted throughout the city.

THIEVES GET MONEY SEWED IN POCKET

By Associated Press.
SAN DIEGO, June 16.—H. W. Koehler of Detroit, Mich., who arrived in this city recently with his wife and three children discovered this morning that \$300, which he supposed was sewed up in the pocket of his trousers, was missing, some thief having cut the pocket open to get the money. It is believed the money was stolen on the train coming into this city. The family is penniless.

DOESN'T THINK MUCH OF JARBIDGE

MIKE McMAHON RETURNS AFTER LONG TRIP THROUGH MINING COUNTRY.

(Special to the Bonanza.)
RENO, June 19.—Michael McMahon, a prospector and mining man well known in Reno, returned to this city yesterday after a four months' trip throughout Nevada and Idaho in which he traveled by wagon upwards of 1,700 miles.

McMahon spent the greater part of his time while he was absent in Jarbidge and he does not hesitate to say that he has little regard for the camp as a world beater.

"I don't think much of Jarbidge," said McMahon yesterday. "There is very little gold in the first place, and what ore there is that has been found is not in place. It is a hard rhyolite formation and is uncertain."

"When I was there in April and May, there were just about eight men working and the reports that came about the camp came from the outside."

"The strike they are talking so much about is away up on the top of one of the highest mountains you ever saw."

McMahon on his way back drove through National and says that the camp there is making very good progress.

VICTIM IS LACKING; HANGING IS PUT OFF

WEST PALM BEACH, Fla., June 18.—All preparations had been made to hang George Fields, a negro, here today. The scaffold was erected, the ropes had been tested and the witnesses invited. The only thing lacking was the negro. He escaped from the jail at St. Augustine last night.

Meantime, not knowing of the escape Governor Gilchrist wired a respite of a week pending investigation.

Rickard Will Not Announce Definitely Until Tonight—Fighters are Packing up Ready to Move.

By Associated Press.
SAN FRANCISCO, June 18.—Declaring there still was a chance, though slight, he would be able to hold the fight in San Francisco, Rickard stated tonight he would not announce positively the location of the Jeffries-Johnson battle until tomorrow night, and possibly not until Monday. It was said the promoter held a conference with Mayor McCarty and District Attorney Fickert, but this was denied by both the mayor and Rickard. In view of the developments of which he said he could not speak, Rickard stated that he would not leave for Reno until tomorrow night or Monday.

SAN FRANCISCO, June 18.—"On to Reno" is the cry of the fight brigade. Convinced by the "postponement" today of the Kaufman-Langford match, that San Francisco has definitely been eliminated as a possible scene of the Jeffries-Johnson fight, a positive announcement is expected tomorrow that the

"battle of the century" will be fought in Nevada. When Rickard arrives in Reno Monday he will receive bids for the contest from the committees representing the rival cities of Reno, Goldfield and Ely, and the city offering the most substantial financial inducements will secure the match and it is generally understood that Reno will be the choice.

BEN LOMOND, Cal., June 18.—Jeffries put in a strenuous afternoon assisting in stowing away the last of his training apparatus, preparatory to taking leave of this place for whatever direction he is directed to take. He is going to give an exhibition tomorrow at Santa Cruz which will probably be the last before the big fight.

SAN FRANCISCO, June 18.—San Francisco fight fans will be given the last opportunity to see Johnson in action at his training quarters tomorrow. He will box twelve rounds with his sparring partners.
